

HAM RADIO (BUSINESS) CARD!!

put your info here

colored
LEDs

big ol'
resistors for
hand
soldering

controlled by ESP32C3 (board is
also powered by connecting to this)

perfectly desk-
sized

Shows SFI, K-Index, A-Index, and HF band
conditions (weather report for radio nerds) using
helpful LEDs!
(these determine how well radio signals travel)

Data from a guy who uses data from the NOAA!

Good to have on your desk!
